M-A Entertainment Group can produce a wide range of markets, including concert touring, corporate events, trade shows, special events, weddings, Sweet Sixteens, Bar/Bat Mitzvahs, theatre, television and film. Our company is uniquely qualified to provide the resources and services customers need at any and all sites, efficiently and cost effectively. Our staff offers years of experience serving the specialized needs of each of our markets. For a given market, we can provide a single discipline, such as lighting, audio or video, or we can bundle disciplines for an integrated solution that meets the needs of the entire project. Combining both artistic vision and technical expertise, M-A Entertainment Group is your turn-key solution that is driven by the realization of your concept!

The rapid shift in *technology* over the last 10 years has created an entirely new world. MA Entertainment Group can strategize and install all of your permanent Audio Visual and technology equipment. Our expert staff has worked on a broad scope of locations including offices, hotels, nightclubs, bars and restaurants. From Networking to full stadium sound systems no job is too big or too small for MA Entertainment. We can handle everything from structure wiring to creating a fabulous architectural LED lighting experience. Give us a call for a free price quote.

A theatre lighting designer (or LD) works with the director, choreographer, set designer, costume designer, and sound designer to create the lighting, atmosphere, and time of day for the production in response to the text, while keeping in mind issues of visibility, safety, and cost.

Let one of our professional LD's put together a design that is not only breathtaking but memorable. We sit down with our clients and make their vision become real.

LED VIDEO WALLS

One of our specialties at M.A. Entertainment Group is Vide Wall Design/installation and rentals. We use state of the art technology to execute our projects with efficiency and cost effectiveness. We are one of the very few companies in New York that can demo a live LED video wall in house demonstration. (give us a call to set up an appointment).
Video walls are not limited to a single purpose but are now being used in dozens of different applications. The global video wall market is expected to double by 2020 as technology continues to advance
